## Maintain your Drains with Safe and Effective Flow!

Is your shower sometimes more like a wading pool? Have you added an air freshener near the kitchen sink? **All-natural Flow!** makes it easy to clear clogged drains and eliminate sink odors - without using harsh chemicals.

- **Step 1:** Pour Flow! fast-acting liquid directly into smelly, slow-moving drains.
- **Step 2:** Drop a Flow! slow-release tablet into your toilet or sump well each month for whole-house septic maintenance.

Flow! uses beneficial microbes to break down odor-causing clogs and keep drains running smoothly. What are you "wading" for? » [Click Here to Save \\$25 off your order of \\$50+](#)
