New Plants

Be the first to try our newest varieties!

Each year, our plant experts scour the market for the most exciting, reliable new plants to offer smart gardening customers like you. This season's selections are no exception! After vigorous trialing in our own state-of-the-art greenhouses to ensure quality and consistency, the dozens of varieties below were chosen for their uniqueness, reliability and outstanding garden performance. You're sure to find the perfect new varieties to add to any garden, no matter where you're looking to plant—we have something new for everyone. Be among the first to grow these hot new varieties and relish in the compliments you are bound to receive from friends, neighbors and passers-by.
