Olympiad™ Hybrid Tea Rose

NEW

Modern Roses

Easier Than You Think!

Remember when roses were considered “finicky?” Well, that’s ancient history! Modern roses, representing over 100 years of hybridizing, provide season-long color, intoxicating fragrances, superior disease resistance and excellent garden performance with very little care.

Phenomenal flower power and super hardy plants come from these easy-to-plant rose plugs. New shoots that emerge in spring are true to type, no undesirable suckers below the bud union. These roses will exhibit fuller, more symmetrical bushes with more fragrant, beautiful flowers than grafted roses! **Light:** Full sun **Blooms:** Late spring to fall **Height:** 3-5' **Zones:** 4-10 **Size:** Potted

65737 Olympiad™ Hybrid Tea Rose...With such pure, non-fading blooms, it is no wonder this beauty was the official rose of the 1984 Olympics! High-centered blooms slowly spiral open to reveal 30-35 petals that endure for weeks. Long cutting stems make it ideal for floral arrangements. **\$15.99 ea.**

Heirloom Hybrid Tea Rose

NEW

65740 Heirloom Hybrid Tea Rose...High-centered blooms in a blend of mauve, lilac and lavender waft a sweet fragrance that lasts all season. Cold-climate gardeners can rejoice, as its colors intensify in cooler weather. Long cutting stems make it ideal for floral arrangements, while its upright growth habit is well-suited for the back of perennial beds. **\$15.99 ea.**

65741 Pink Double Knock Out® Shrub Rose...Offering the same impeccable disease resistance and garden performance as the original Knock Out®, this double variety features a rounded, compact habit and fantastic bloom production. Drought tolerant and thrives in heat, this variety makes an outstanding addition to mixed perennial beds, intermingled with other sun-loving flowers. **\$15.99 ea.**

65742 Double Knock Out® Shrub Rose...A perfect twin of Pink Double Knock Out® but in vibrant red. Makes a dramatic statement when planted en masse! **\$15.99 ea.**

WonderX Food for Roses

All-natural and rich in phosphorus, WonderX high-potency rose food is tailored specifically for the heavy feeding demands of roses to encourage large blooms, healthy roots and disease resistance.
